

Mini Kiosk Coin Only

Our wall mounted mini coin only kiosk allows an automated, self-service way for users to buy print credits at any time.

Users can authenticate themselves either by using their ID card or network login details at the kiosk and deposit cash, which is added to their Pcounter print credit balance in real-time.

KEY FEATURES

- Self-service, real-time cash purchase of print credits for Pcounter
- ID card authentication supported
- Financial accounting and cash analysis reporting included
- Welcome screen that can switched on or off
- Customer branding can be added
- Email notification of cash box full and error status
- Transaction statements displayed on screen
- Accepts 5, 10, 20, 50p, £1, £2 coins
- Cashbox capacity 1000+ coins

KEY BENEFITS

- Robust, secure automated cash collection
- Reduction in manual cash handling
- Reduces staff costs
- Improved quality of service – 24/7 availability
- Consistent, accurate application of credit
- Centralised audit trail
- Cost effective

CARD INTEGRATION

The kiosk's card reader allows users to authenticate against their Pcounter/Active Directory account. Full integration for all card technologies is supported. By default, the terminal is supplied with a MiFARE® card reader. Other card readers/cards are available at a small additional cost.

Take control with Pcounter.
