

Access Control Hardware

Our access control provides a range of hardware including cylinder locks, door controllers, electronic locks, glass door locks, mortise locks, panic bars, and wall readers.

Whatever your hardware needs and requirements are, at AIT Ltd we will have the hardware available to provide a robust, high quality and cost effective access control solution.

When replacing legacy systems our solution can often re-use existing hardware elements if needed. This is assessed as part of our site survey service.
