

# XPR Enterprise Touch Screen Kiosks

Self service deposit station for Pcounter

**Our floor mounted or desktop touch screen kiosk is available to enable automated, self-service purchase of print credit. Users enter their network login details or use an ID card to authenticate to the device and deposit cash which is added to their Pcounter print credit balance on the network, in real-time.**

## KEY FEATURES

- Self-service, real-time cash purchase of print credits for Pcounter
- Large touch screen interface
- Coin and note acceptors (foreign currency supported) (Floor mounted kiosk only)
- Supports chip and PIN credit card payments
- Receipt printer – customisable output
- ID card authentication support
- Self-service association of ID cards to login ID
- Financial accounting and cash analysis reporting
- DDA compliant
- Customised branding options available
- Ability to monitor levels of notes and coins

## KEY BENEFITS

- Robust, secure, automated cash collection
- Reduction in manual cash handling
- Reduced staff costs
- Increased quality of service - 24/7 availability
- Consistent, accurate application of credit
- Centralised audit trail, accounting, reconciliation and reporting
- Compliance with DDA legislation

## CARD INTEGRATION

The touch screen kiosk card readers give the user authentication method against their Pcounter/Active Directory account. Full card integration is supported with all card technologies. By default the terminal operates with Pcounter account/network login.

Upgrade options available are:

ISO Mag stripe cards (track 1, 2, or 3)

Mifare Classic 1k and 4K cards

HID - iClass, HID - Prox

Many other card options are available

## Take control with Pcounter.

Charging Systems  
Print Room Integration  
Local Printer Accounting  
Resource Planning  
Database Integration

## TECHNICAL DATA

Pcounter/Pcounter Pro licence required

Runs under Windows 7 Professional (Win 7 Compliant Hardware)

Floor mounted kiosk dimensions: 650mm wide x 565mm deep x 1345mm high

Floor mounted kiosk weight: 40 - 45Kg (Depending on configuration)

### PC Controller Specification (Floor mounted kiosk)

Processor: Intel Atom D510 (Dual Core)

Graphics: Intel GMA 3150 (With Graphics performance improvements)

Chipset: Intel NM10 Express Chipset

Memory: Single Channel DDR2 667/800 MHz, 1GB as Std, (4GB Max)

Expansion Ports:

- Available PCI expansion Port for additional interfaces
- PCI Express Mini Card
- 2 SATA ports (3.0GB/s)
- 7 High Speed USB 2 ports
- Integrated 10/100/1000 MBit Network Connection
- Intel Hi Definition Audio (6 Channel) for sound options

### Desktop Kiosk System Configuration

Processor: Intel D525 / 1.8GHz / 1M Cache (dual core)

System Memory: DDR3 800MHz SO-DIMM x 1, max. 4GB

Storage Device: SATA Storage x 2, factory default 320GB HDD x 1

Power Supply: 12V / 120W

OS Support: Windows XP Pro / POSReady 2009 / Windows 7 / POSReady 7 / Linux per request

### Desktop Kiosk Display and Touch

LCD: 9.7" TFT LCD

Resolution: 1024 x 768

Touch: Bezel-free PCAP (IP65 on front panel)

### Desktop Kiosk Physical Dimensions

W x D x H in mm: 224.5 x 187 x 387

Weight (N. W. in kg): 4.2

## ENVIRONMENTAL

The ethos of the kiosk has been "Efficiency", the PC controller consumes much less power than a conventional kiosk or PC, 8w in total. The controller has many sleep and standby functions to save energy and the environment. The PC controller is also Energy Star compliant.

**AIT Ltd are UK based providers of print & copy software, ID cards and access control solutions.**
